THE COTTON FACTORY

There is nothing
else quite like it.

The Cotton Factory complex at 270 Sherman Avenue North is comprised of 6 buildings ranging from over 90,000 to just 680 square feet. The original structures were built in 1900 for the Imperial Cotton Company. At that time textile production was one of the largest industries in Hamilton. The Cotton Factory is transforming itself into a hub for people and businesses in the creative industries and strives to preserve the integrity of these unique heritage buildings.
